WHIRL OF EXCITEMENT

Over a Very Spirited Fergus County Political Controversy.

MR. WAITE AND MR. ABBOTT

The Former, a Radical Goldbug, Does Not Want a Silver Man to Haul His Wool to Great Falls—The Correspondence.

Great Falls, July 18.—The good people of Fergus county are in a whirl of excitement over a spirited controversy between Sheriff Waite, a radical goldbug republican of Lewistown, and W. N. Abbott, a loyal silver man of that section. It appears that Mr. Abbott is engaged in hauling wool to the Great Falls market for sheep men in Fergus county and solicited work of that nature from Mr. Waite. The latter is alleged to have instructed his ranch foreman not to employ Mr. Abbott, and the following interesting correspondence followed and has just been made public:

Utica, Mont., May 14, 1897.

"Dear Sir—I was never more thunderstruck than to-day when I returned from the Falls and was informed by George Bach that you had instructed him not to load my team with your wool. You have undoubtedly been misinformed. I assure you that I have never spoken to you other than in praise excepting in politics. You always had my gratitude for the favors you bestowed upon me, not with work but with your pocket and in other ways. I do not hold that I am under any obligation to you for work, but I give value received. I cannot believe a man with your stock of common sense and intelligence would boycott his neighbor because he cast his sacred trust, the ballot, in accordance with his convictions. Sir, if you had been my father and represented a principle that I did not believe to be right, I would have voted against you and talked as I did, the same as Sewall's son did. You need not think I want your wool to haul; I can get more than I can handle. That is not it; I do not like the idea of being boycotted by my nearest neighbor and one that I have always had the greatest respect for. Sir, I ask you to reconsider, to investigate and retract. I can refer you to plenty of your own friends who will bear me out in what I say. Very respectfully

"Lewistown, Mont., May 17, 1897.

"W. N. Abbott, Esq., Utica, Mont.: "Dear Sir—I am just in receipt of your communication of the 14th ult. In reply I would say, you misconstrue my motives entirely when you interpret my remarks to George Bach (relative to your not hauling wool for me), to mean that I am desirous of 'boycotting' you; that is not my intention at all.

"From my knowledge of your character I know that your political principles are so deeply rooted, that you are so thoroughly in accord with the silver principles and so utterly opposed to protective doctrine in any form, that you could not bring yourself to the point of doing any work for a republican sheep man, and thus indirectly reap the fruits of protection by your labor, and in order not to endow you by having to refuse to haul wool for me, should I ask you, I chose the more delicate way (and flattered myself that I was displaying considerable finesse) when I requested George Bach not to invite you to haul wool for me.

"As to your 'birthright,' no, you were under no obligations whatever to surrender that to me, nor did I ever ask it of you.

"As an American citizen you had the right to cast your 'sacred trust,' the ballot, for whomever you chose, and for whatever principle you held dear, and you exercised that right as best suited your purpose.

"As an American citizen I also claim the inalienable right to spend my money whomever I see fit, and with whom I choose. I have nothing to retract. Respectfully

"JOHN D. WAITE."

Sound Reasons for Approval.

There are cogent reasons for the medical profession recommending and the public preferring Hostetter's Stomach and Bowel Regulator. It does not drench and weaken the bowels, but assists rather than forces nature to act. It is safe and safe in action, is never followed by an internal earthquake like that produced by a drastic purgative. For forty-five years past it has been a household remedy for liver, stomach and kidney trouble.

Van Camp's Pork and Beans.

Founded a Woman.

Great Falls, July 17.—Justice Burleigh's court room was well filled this afternoon when the case of the State vs. Mike Smith, on the charge of beating his mistress, Hattie Ferchelt, alias Hattie Smith, was called. Both parties are well known here. They reside in the suburbs of Little Chicago, and during their leisure hours make things lively. Mike has been employed at the smelter ever since released from the county jail after serving a six months' sentence for adultery with the same woman.

The testimony showed that after several visitors left the Smith home on Sunday night last Mike went to the woman's bedroom and with the butt end of a heavy buggy whip pounded her severely about the shoulders, arms and body, all of which is now covered with black and blue marks. The following day Hattie went to the Gowan block and was followed by Mike on Tuesday morning. On the stand the defendant denied every particle of witness' testimony and alleged the damage was done by a horse running away July 4th. The judge viewed it differently and found him guilty. Monday afternoon was set as the date of sentence.

The excessive use of stimulants causes the hair to turn gray. Shun the cup, and restore the natural color of the hair with Hall's Hair Renewer.

Van Camp's Pork and Beans.

One Shipments Increasing.

Great Falls, July 18.—Hon. David G. Erowe, collector of customs for the port of Montana and Idaho, returned this afternoon from the Port Steele county where for the past eight days with Inspector Cullom of the Pacific coast station, he has been on matters connected with his office. Ever since the shipment of ore began from the Port Steele country, Collector Erowe has been an indefatigable worker to-

ward the encouragement of the trade and to such an extent that ore receipts in this market from that district have increased until they have become an important factor. At the present time there are three boats engaged in commerce on the Kootenai river all rushing ore to their full capacity to Jennings station when it is picked up by the Great Northern and brought here to the smelter. This rush will continue through the season as long as mild weather will permit of navigation so that the handling of a large amount of ore here is anticipated for some time.

Mr. Browne has received advice from Senator Carter stating that ample appropriation has been made by the government for the removal of the rocks in the Kootenai river that have been so long a menace to navigation. Just as soon as the waters in the river have reached a low mark the government engineers are prepared to begin and no time will be lost in rushing the work to completion. The amount of ore shipped this season will greatly exceed that of any season in the past.

"Our customers say you manufacture three of the best remedies on earth," said the mercantile firm of Haas, Harris, Brim & McLain, of Dawson, Ga., in a recent letter to the Chamberlain Medicine Co. This is the universal verdict. Chamberlain's Pain Balm is the finest preparation in the world for rheumatism, neuralgia, lame back, quinsy, sore throat, cuts, burns, scalds, pains and swellings. A 25 cent bottle of this liniment in the house, will save a great deal of suffering. Buy it at druggists.

IN BELT.

Steve Anderson Arrested for Assaulting Dominick Spogan.

Belt, July 18.—Steve Anderson was arrested a few days ago on complaint of Dominick Spogan, who alleges that Anderson assaulted him along the Arminston road and threatened to wipe that section of Cascade county with Dominick's delicate body. Anderson weighs about 250 and added to this advantage had a companion who could assist him if his services were required. Realizing that he was outclassed Spogan retreated and Anderson hurled a rock at him. Anderson formerly worked at the washer in Belt and blames Spogan for being dismissed. The prisoner was arraigned before Justice DeComes, pleaded not guilty and the case was set for trial next Friday.

George Falligan, who was thrown from his horse last Sunday, was badly bruised but not seriously injured, and is recovering slowly.

The Odd Fellows installed the following officers at their last meeting: William Mowry, N. G.; C. L. Crane, V. G.; John Gray, rec. sec.; Henry Hames, financial secretary; J. K. Castner, treas.; J. Gillin, R. S. N. G.; P. Saastamoinen, L. S. N. G.; P. J. McDermott, conductor.

William Oliver, who has been seriously ill for the past week, is believed to be out of danger and will recover. Mrs. J. S. Cook and daughter left Friday morning for Nehart and White Sulphur Springs, where they will visit friends for two or three months.

Fredrickson's friends of Harry Stafford will give a grand ball for his benefit. The event will take place at Odd Fellows' hall and promises to be largely attended. M. Stafford has been an invalid for the past year and his friends take this method of rendering him a little needed assistance.

C. W. Baldwin has gone to the Kootenai country to spend the summer months and will return when the leaves begin to fall.

Miss Mollie Ray has gone to Red Lodge to join her husband and they will reside there in the future.

The office force of the A. C. M. Co. and the employees of the mercantile department played a champion game of ball Sunday afternoon and the score stood 10 to 0 in favor of the Mercantile when darkness interfered and the game was postponed until September, when the weather promises to be cooler.

Mr. and Mrs. Le Munyon have gone to the Yellowstone park for an outing of several weeks.

Mrs. T. E. Healey and children have gone to Canada to spend the summer. Miss Dottie Barnard and sister of Great Falls are the guests of friends in Belt this week.

Rumor has it that Miss Jennie Lochray and Dominick Spogan will be married at the Catholic church Monday morning.

Edward Boyden who was seriously injured a few days ago, is reported as improving and hopes are now entertained of his recovery.

Mr. and Mrs. George Wallace are happy over the recent arrival of a handsome and healthy girl baby.

Mrs. J. Flynn has returned from a visit of several months with friends in South Dakota.

Cannot Get Bonds.

Great Falls, July 18.—The coils about Robert Loss, Jr., now being prosecuted by the Chestnut Valley Cattle association, are gradually becoming tighter. Loss is confined in the county jail awaiting trial at the September term of court. A desperate effort has been made here to secure bonds for Loss in the sum of \$1,000, but have proved unsuccessful.

Yesterday a search about Loss' premises brought to light two more hides of a different brand. One was stamped I X and the other H D, both of which belong to the Chestnut Valley ranchers. A number of other hides have been found in a manure pile, but they were so far rotted that the identification of the brand was impossible.

Mrs. Loss, the bride of the trouble, her husband has gotten into and on her own accord has made a desperate effort to secure him bonds.

Interstate Medical Association.

Great Falls, July 18.—Dr. B. F. Sanden of Nehart, who is en route to the city to-day en route to Salt Lake City, where, as a delegate from this district, he will attend a meeting of the different medical societies of the Western states for the purpose of selecting an organization to be known as the Interstate Medical association. It is the plan of the projectors to form a large society to be composed of the physicians of Montana, Idaho, Washington, Wyoming, Utah and Colorado. A constitution will be drafted and meetings held at some point in one of the incorporated states each year.

The object of the society will be the improvement of medical ideas and social intercourse. Montana has four delegates who will attend. The convention will last a week.

Underneath the Cars.

Great Falls, July 18.—Anthony Gruber, a young man injured in the mine at Belt, was brought to this city to-day and taken to the hospital. Yesterday afternoon while engaged in moving some cars a companion came along unnoticed and slipping Gruber on the back startled him. The young man in a quick motion slipped and fell underneath the cars. His chest was most horribly crushed and all ribs but two were broken. As yet it cannot be determined whether the accident will result fatally or not.

HAVE SECURED SITE

Work to Be Begun on the New Nehart Concentrator.

OBSTRUCTIONS REMOVED

Promoters of the Plant Will Commence Operations This Week—A Dumping Ground Secured—Mines to Be Worked to Their Full Capacity.

Great Falls, July 18.—The new concentrator at Nehart, it is stated authoritatively will be built at an early date. In fact, work will be commenced on it next week. Three weeks ago the diamond B. people, who are the promoters of the plant, secured a site, when a difficulty arose regarding a dumping ground. A committee of the directors visited White Sulphur Springs in the hope of obtaining this from the Florence mine management, but were unsuccessful, and for several days things looked bleak. To-day it is announced that a dumping ground site has been secured from the Spider Lake, west of Belt creek, and this, the last of the obstructions to the erection of the plant, has been removed. The building of this concentrator means much to the town of Nehart, and not a little to Great Falls. In the past freight charges on ore shipped here have been very high, and with the hope of securing this plant and their being able to ship the concentrates here, the output of the mines that abound in the Queen City silver mining camp have been limited. With the concentrator built the mines will be worked to their full capacity, thus giving employment to a greater number of men and increasing the shipments here very materially. Several small mines that heretofore have been abandoned, it is said, will be opened up and the produce handled first at the concentrator, which will permit of their being worked at a profit.

In this same connection an important strike is reported in the Whippoor Will claim. Operations are now confined to a 20 foot shaft on the lower end of the claim on Mackey creek and a body of two feet pay ore has been struck.

In the Carpenter creek district a large number of abandoned claims will be opened up and the ore first handled at Nehart. Among these are several properties belonging to Henry B. Mackey.

The monarch mines will increase their output as also will several others of the properties in this district, the concentrates all of which will be handled here from the Nehart plant.

Wants a Divorce.

Great Falls, July 17.—A few days ago Mrs. Mary Reeling, the wife of a saloonkeeper at Nehart, brought suit for divorce from her husband, Daniel. The complaint alleges that for months past Daniel has been accustomed to beat his wife and otherwise maltreat her until her health has been endangered; that he is possessed of a regular income and some personal property, and prays that she be allowed \$20 per month alimony and \$50 attorney's fees. This afternoon the case was called on for the prayer, ordering payment of the alimony asked, until the case is heard.

Wedding To-Day.

Great Falls, July 18.—A marriage license was to-day issued to Dominick Spogan and Miss Jennie Lochrey of Belt. The wedding will take place Monday. Mr. Spogan is foreman of the washer plant of the Anaconda company and is one of the most popular men in the camp. Miss Lochrey is a daughter of Archie Lochrey, and a niece of Von Charles Lochrey of Sand Coulee. She is a highly accomplished and estimable young lady. The young couple will reside at Belt.

Roads in Bad Condition.

Great Falls, July 18.—Last night a heavy rain set in, which continued a greater portion of the night. To-day has been showery and to-night a steady downpour continues. Incoming ranchers report the roads in very bad condition for a radius of 40 miles around.

IN BOZEMAN.

Wagon Road Up the West Gallatin to the Yellowstone Park.

Special Correspondence of the Standard.

Bozeman, July 18.—The board of county commissioners held a session Saturday to open and consider the bids advertised for the construction of a wagon road up the West Gallatin river from Square creek to Taylor's fork, a distance of about 20 miles. The awarding of the contract was postponed until the 25th of July, when the board will meet again. This is the road that the people of Bozeman and vicinity have been longing for some time in order to have a more direct route to the Yellowstone park.

The city council transacted a considerable amount of business Thursday evening. The petition of Henry Montfort and others to open and grade Seventh street from Main to Mendocino was discussed and finally referred to the city attorney, who is to submit his report at the next meeting. The council is trying to make the town look as clean and neat as possible by grading the streets, clearing rubbish off vacant lots, or making the owners do it, and it was with this end in view that they referred the rubbish on the Lockey lot, on Main street, removed and the cost of doing the work assessed against the property. Of the number of bids submitted to the city for the completion of the city ordinances, the one of W. F. Davis for \$100 was found to be the lowest and the contract was accordingly awarded to him. The committee on public buildings and grounds recommended that the opera house be rented to some reliable person for the term of two years or more at a monthly rental of not less than \$15, the lessee to pay all incidental expenses, the city reserving the right to use it when they wished to do so, but with due regard to the engagements of

Eucken's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. the lessee. The bids for the new hose tower were opened and that of W. D. Brandenburg for \$345, if the structure should be covered with corrugated iron, or \$52 if covered with brick sheeting, was accepted, it being the lowest. The eight bids on the sewer pipe contract were looked into and referred to the street committee to report on at the next session. Alderman Lewis was appointed to represent the city at the meeting of the county board of equalization, which will be in session July 19. Mr. Nelson Story offered the city the use of his reservoir, situated near the college buildings, and to be used for fire protection for the college, if his proposition is accepted if they would plank it over. This matter was referred to the fire committee for investigation.

Judge McPherson bound Joe McReynolds over to the district court on Thursday afternoon. McReynolds was the aggressor in a cutting scrap which occurred on Cottonwood creek last week.

A man named Hume Dulon caused quite a commotion at the Manhattan ranch, Manhattan, last Thursday, necessitating the presence of the sheriff, Dulon and the foreman of the Manhattan company's ranch, Mr. Barker, got into a dispute over water, and after some words the foreman was knocked down and his head badly beaten up. Dulon refused to submit to arrest at the hands of the local officers, and Sheriff Fransham and Deputy Jallor Chapman went down in Maxson, where they found him somewhat cooled off and willing to accompany them to the county jail. His trial is set for Wednesday next.

Horace Martin, son of E. Brock Martin, had the misfortune to be bucked off his horse Friday afternoon, fracturing his wrist.

Miss Phelps of California, sister to Professor Phelps, principal of the business department of the Agricultural college, is staying with her brother for a few months, and before returning intends to make a trip through the park.

Henry G. Langhor, brother of M. Langhor, arrived in Bozeman Friday from Grand Rapids, Mich., and will visit with his brother for a few weeks.

Professor and Mrs. Brewster arrived from the East Saturday morning and immediately went to housekeeping in the residence lately fitted up by the professor on Central avenue.

City Attorney George D. Pease and wife have gone on a trip to Radersburg and other points. Mr. Pease having some important legal matters to attend to which required his presence in that part of the country.

Something Wrong.

From the Detroit Free Press.

Husband and wife seem like very nice neighbors.

Wife—I thought so. But we must have offended them in some way. They haven't borrowed our paper or used our telephone for a week.
